Social Justice and the City is a book published in 1973 written by the Marxist geographer David Harvey. The book is an attempt to lay out afresh the paradigm of urban geography, by bringing together the

Get Free Social Justice And The City David Harvey

two conflicting theses of methodology and philosophy. Going against the grain of his previous book *Explanation in Geography* published in 1970, he argued that geography cannot remain disengaged, impartial and 'objective' at a time when urban poverty and associated ills were reigning high.
