Alexander Wendt clarifies the central claims of the constructivist approach, presenting a structural and idealist worldview which contrasts with the individualism and materialism which underpins much mainstream international relations theory.

Social Theory of International Politics

Social Theory of International Politics expresses a theory that emphasises the role of shared ideas and norms in shaping state behaviour. It is critical of both liberal and realists approaches to the study of international relations which, Wendt argues, emphasize materialist and individualistic motivations for state actions rather than norms and shared values as Wendt argues they should.

Social Theory of International Politics - Wikipedia

Drawing upon philosophy and social theory, Social Theory of International Politics develops a cultural theory of international politics which contrasts with the realist mainstream. Wendt argues that states can view each other as enemies, rivals or friends, characterising these roles as 'cultures of anarchy', which are shared ideas which help shape states' interests and capabilities.

Social Theory of International Politics (Cambridge Studies ...

Social Theory of International Politics is principally a work of theory. In it, Alexander Wendt, a political scientist, suggests rather a different reading for international relations and states systems. This he calls the social constructivist theory.

Social Theory of International Politics by Alexander Wendt

Juxtaposed to the Realisms that tend to dominate at least North American IR scholarship, this theory is a kind of Idealism, a Structural Idealism, although I refer to it only as a constructivist approach to international politics. As such, the book might be seen overall as a work of applied social theory.
