This guide offers a unique approach to English as a second language that follows the natural rhythms of language learning by thoroughly familiarizing students with new language before asking them to practice it. Handing the reader scores of beginner-level techniques covering conversation, ways to say words, comprehension of dialogue, solitary reading, and grammar. It provides stimulating, informative material for ESL professionals instructing beginning students.

Part of a 6-level course in English that teaches communication in real life situations. The language presented is authentic and useful, providing rich input for practice. The texts are filled with opportunities for personal expression and activities that stimulate communication.

Level 2B of a six-level course in American English which stresses student comprehension of listening and reading input before they are asked to produce and practise new language. It includes a systematic approach to grammar, with new structures highlighted in dialogues, readings and exercises.

Level 3 of a six-level course in American English which stresses student comprehension of listening and reading input before they are asked to produce and practise new language. It includes a systematic approach to grammar with new structures highlighted in dialogues, readings and exercises.

Level 3 of a six-level course in American English which stresses student comprehension of listening and reading input before they are asked to produce and practise new language. It includes a systematic approach to grammar

with new structures highlighted in dialogues, readings and exercises.

· **Workbooks:** Correspond to the Student Book lessons and reinforce functions, structures, vocabulary, and pronunciation activities. · **Teachers Editions:** Contain teaching instructions interleaved with full-color student pages, along with answer keys (for Student Books and Workbooks) and listening scripts. · **Audiocassette Programs:** Contain realistic recordings of conversations that provide students with listening, pronunciation, and information practice.
