Posts about superhuman written by Chris Zanetti. Over the many years that I have been training in telekinesis, I have experimented with combining the use of emotions to try to move the target object, and I have also experimented with various different techniques using an emotionless state, where my mind is devoid of all emotions.

An age of super-evolution. The question is . . . Do you wish to become one of the evolved? If so, this powerful book will serve you well.

This book is an encyclopedia of super human powers and abilities which most people can learn. Includes stories of persons who had these abilities and exercises to learn them The abilities and powers reviewed in this book include Telepathy, Psychokinesis, Levitation, Invisibility, Invulnerability, Teleportation, Creating your future, Prophecy, Omniscience, and much more. This book will help the reader understand what is the basis for these powers before going into a full review of each one. The book starts by reviewing the original source of God Like abilities "The Yoga Sutras of Patanjali", and how these abilities and powers work. Then I provide an introduction to meditation and stillness practices, and how they help the seeker to get in touch with their own spirit After that the book proceeds into a discussion of the vital forces or "prana", the energy body and what that energy is used for.

Directly Programming Your Subconscious Mind for Huge Success and Riches Most of us want to be very rich, and most of us want to be very successful. The two go hand in hand. This book will help you to achieve exactly that, which is, to become very rich and successful. However, this book will only work for you if you use it as it was designed to be used. It is best to think of this book as a tool or a weapon in your great fight to become a very rich person. I use the word fight, because that's exactly what it is. However, the enemy is yourself. You will be fighting against your negative belief patterns, with the goal of destroying the limiting beliefs that are currently holding you back from achieving great wealth and success, while at the same time building new positive belief systems, or programs, into your subconscious mind. This is no easy task, but with the help of this book, you will succeed.

A Collection of Original & Powerful Poetry – Volume 1 Contained within the pages of this book are powerful words. Words that hold deep and mystical meanings. This book is a work of poetry on the surface, however, upon exploring further, hidden truths can be found about the mind and the Universe. This book is designed to convey the subtle aspects of what energy is, and how, by understanding its true nature better, we can discover and awaken the ancient power of the superconscious mind, and make the transformation from human to superhuman, having access to powers that would be considered supernatural. Mystical Words of Power is for those who are seeking to acquire the deeper levels of mystical knowledge required for advancement to higher levels of consciousness and greater levels of spiritual and psychic power. This book of poetry is a key that will help unleash the dormant power within your own mind, heart and spirit.

Known for much of the nineteenth century as "the ever-faithful isle," Cuba did not earn its independence from Spain until 1898, long after most American colonies had achieved emancipation from European rule. In this groundbreaking history, David Sartorius explores the relationship between political allegiance and race in nineteenth-century Cuba. Challenging assumptions that loyalty to the Spanish empire was the exclusive province of the white Cuban elite, he examines the free and enslaved people of African descent who actively supported colonialism. By claiming loyalty, many black and mulatto Cubans attained some degree of social mobility, legal freedom, and political inclusion in a world where hierarchy and inequality were the fundamental lineaments of colonial subjectivity. Sartorius explores Cuba's battlefields, plantations, and meeting halls to consider the goals and limits of loyalty. In the process, he makes a bold call for fresh perspectives on imperial ideologies of race and on the rich political history of the African diaspora.

When a dark shadow passes overhead, do you stop? Or do you run? Infamous sky monsters have haunted our imaginations for centuries. The Thunderbird, steeped in Native American folklore, supposedly controls evil by throwing lightning. The Jersey Devil is said to roam the Pine Barrens of South Jersey, terrorizing anyone who crosses its path. And the cryptic warnings of Mothman have worried residents of Point Pleasant, West Virginia, since the 1960s. In A Guide to Sky Monsters: Thunderbirds, the Jersey Devil, Mothman, and Other Flying Cryptids, authors T. S. Mart and Mel Cabre introduce 20 flying cryptids with legends that span the United States. With 70 hand-drawn illustrations, A Guide to Sky Monsters details our fascination with these creatures and describes both historical evidence found in the fossil record and the specifics of modern-day

sightings. By studying the fact, fiction, and pop culture surrounding these notorious beasts, Mart and Cabre help us lean into the question, "What if?" A Guide to Sky Monsters, perfect for the believer and skeptic alike, addresses the wider truths about flying cryptids and leaves us all to wonder whether that breeze was the wind or a wing.

Discover the Super Powers of Your Mind with Telekinesis You may or may not have heard of people moving objects around just by focusing on them with their mind. Some people believe this to be just science fiction. But there is a proven science behind the ability to use our mind in this powerful way; called Telekinesis. This basically is the science of moving objects with our minds. Interesting fact is that we all have this ability that we can tap into, if we choose to put the time and study into learning how to do it. It's not like the super heroes in the movies who throw objects around and make things explode. With time and practice anyone we can learn to focus your attention to make a candle flame move and other fun and amazing activities. This book explains more about the science of Telekinesis along with some simple exercises that will help to improve your concentration. Whether you are interested in learning to move objects around with your mind, or you just want t learn how to improve your focus and concentration, this book is a quick, helpful and interesting read. Super Powers of your mind information you will discover inside: What is Telekinesis How to have Mind over Matter Improving your level of Concentration From Visualization to Meditation Importance of Relaxation And Much more!

A collection of Original Angel Poetry - Volume 1 Whether we are aware of it or not, angels play a role in our day-to-day lives, subtly influencing our seemingly small decisions, and decisions that could be life-changing. Angels do their work unseen, in a higher vibrational realm of existence, but just because they are invisible to our physical senses, it does not mean that their effect on our lives and on our world is any less profound. The power of angels is known throughout the world, and most ancient cultures believed in higher beings, entities, or spirits, who watched over them and offered them their protection. This book, a work of poetry, contains gems of lost ancient wisdom that can lead one to attaining higher states of consciousness. This powerful book is an essential key in connecting with and understanding the angelic realms, and how we can use higher angelic consciousness to inspire and uplift us both emotionally and spiritually.

An easy and fun way to influence your life and the world around you. This handy e-book reveals the exciting possibilities of PK, just a few of which include preventing or reversing illness, promoting health and well-being, achieving your personal goals, and even slowing the aging process. Psychokinesis is psychic empowerment in its most basic form. Called PK for short, this incredible practice involves moving or influencing physical objects or situations without any outside help or tools. We all have this ability, and this engaging guide is all you need to get started right away. In a series of clear, easy-to-follow steps, Carl Llewellyn Weschcke and Dr. Joe Slate guide you through the five stages of induced PK. Learn how to apply this ability for stress reduction, accident avoidance, pain elimination, and more. —Sharpen your skills by performing simple and enjoyable exercises —Discover the heightened effectiveness of group PK —Engage in the author's unique plans for rejuvenation and wellness —Influence situations and objects in order to bring forth desired outcomes
