The last thousand days of the British Empire existed between 1944-1977, culminating in the lost of India as a foreign colony and its partition into Pakistan. Clarke 's thesis is manifested in his three themes of the decline of the British Empire: first, the British lost power and influence at the end of World War Two, that power having been transferred to America.

The Last Thousand Days of the British Empire is a captivating work of popular history that shows how the events that followed the war reshaped the world as profoundly as the conflict itself. Reviews " Sharp...Clarke's greatest strength is that he recounts in painful detail the numerous humiliations and embarrassments that came with being the junior partner in a wartime alliance.

**The Last Thousand Days of the British Empire: Churchill**...

Clarke dates the end of the British Empire as the date of Indian Independence, and so the last thousand days spans the second world war from late 1944 through to mid-1947. Churchill does not appear as the all-conquering titan that he does in many other accounts.
