This is the eleventh book in the Wings of Fire series and starts a new storyline on a new continent we have never visited before. Although some of the story elements are very similar to previous books, I did really enjoy meeting new characters and exploring both whole new types of dragons and a whole new landscape.

For centuries, there have been rumors of another continent on the dragons' planet—another land far across the ocean, populated by tribes of very different dragons. But there's never been any evidence, and most dragons dismissed the rumors as fairy tales. Until now—because it turns out the stories are true.
