The Modern Firm develops powerful conceptual frameworks for analyzing the interrelations between organizational design features, competitive strategy and the business environment. Written in a non-technical language, the book is nevertheless based on rigorous modeling and draws on numerous examples from eighteenth century fur trading companies to such modern firms such as BP and Nokia.

The Modern Firm: Organizational Design for Performance and ...

In modern firms, performance is influenced by knowledge. Ability to create and execute organizational processes that can adopt and change is also a key factor in performance. Performance that is knowledge driven depends on ability to retain, create, apply and transfer knowledge. Wastage, misappropriation and

"The Modern Firm experience was stellar - the individuals I worked with understood what our firm was looking for, provided quick answers to all our questions, excellent training, and helpful, friendly suggestions. Designing and implementing a website is a big undertaking, and they made the process as smooth and enjoyable as possible.
