The Encyclopedia of Indian Philosophies, Volume 5: The ...
The Modistae (Latin for "Modists"), also known as the speculative grammarians, were the members of a school of grammarian philosophy known as Modism or speculative grammar, active in northern France, Germany, England, and Denmark in the 13th and 14th centuries. Their influence was felt much less in the southern part of Europe, where the somewhat opposing tradition of the so-called "pedagogical grammar" never lost its preponderance.

Modistae - Wikipedia
Grammarian may refer to:
Alexandrine grammarians, philologists and textual scholars in Hellenistic Alexandria in the 3rd and 2nd centuries BCE
Biblical grammarians, scholars who study the Bible and the Hebrew language
Grammarian (Greco-Roman world), a teacher in the second stage in the traditional education system

Encyclopedia of Indian Philosophies, Volume 5: The ...
Grammarian thought is based on the Vedas, and the writings of Panini, Patanjali, Bhartrhari, and others develop implicit Vedic ideas about language and its function. Their works combine a grammatical analysis of Sanskrit language with a philosophy that takes language as divine. Originally published in 1991.

THE PHILOSOPHY OF THE GRAMMARIANS. Edited by Harold G. Coward and K. Kunjnni Raja. Delhi: Motilal Banarsidass, 1990. (published in: Asiatische Studien / Études Asiatiques 46 (printed 47)(2), 1992 [1993], 718-725)
Traditional Sanskrit grammar is primarily a technical enterprise, which does not constitute, in and by itself, a system of philosophy.

This volume of the monumental reference series being prepared under the general editorship of Karl Potter provides summaries of the main works in the Grammarian tradition of Indian philosophy. Describing the functions of language on different levels, from ordinary empirical speech to the poetic intuition of the divine, the Grammarians sought to demonstrate that the correct grammatical use of language and the devotional chanting of mantras are ways of moving from lower to higher stages of knowledge and self-realization. This work gives special emphasis to the thought of Bhartrhari, the great systematizer of the Grammarian philosophy. For those unacquainted with Indian philosophy, the editors' introduction provides an explanation of the basic concepts found in the Grammarian texts. Grammarian thought is based on the Vedas, and the writings of Panini, Patanjali, Bhartrhari, and others develop implicit Vedic ideas about language and its function. Their works combine a grammatical analysis of Sanskrit language with a philosophy that takes language as divine. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Traditional Sanskrit grammar is primarily a technical enterprise, which does not constitute, in and by itself, a system of philosophy.

David Blank presents a new translation into clear modern English of a key treatise by one of the greatest of ancient philosophers, together with the first ever commentary on this work. Sextus Empiricus' Against the Grammarians is a polemical attack on ancient Greek ideas about grammar, and provides one of the best examples of sustained Sceptical reasoning.
