I finished medical school, residency, and fellowship. I have two baccalaureate degrees, a masters, and my MD. I still hear the word no every day. I am a woman, but many neurologists are men. I am black. 95 percent of physicians are not. I had cancer and then a stroke, and now I have multiple disabilities. Health care is ableist.

To struggling medical students: Meet the physician who ...

9. Medical school doesn ' t teach you how to become a doctor. Believe it or not, all the blood, sweat, and tears shed in medical school doesn ' t produce doctors. Rather, doctors emerge from their cocoons in residency and practice. " Very few students ever learn how to actually practice medicine in medical school.
