The Third Indochina War Conflict

The Third Indochina War was a series of interconnected armed conflicts, mainly among the various communist factions over strategic influence in Indochina after United States withdrawal in 1973 and Communist victory in South Vietnam, Laos and Cambodia in 1975. The complete American withdrawal instantaneously eliminated the principal and common adversary of all the communist powers. Ever more diverging Chinese and Soviet strategic and political doctrines had increased the Sino-Soviet split of the

Synopsis. This new collection explores the origins and key issues of the Third Indochina War, which began in 1979. Drawing on new documentation from all sides, leading contributors reinterpret and demystify the long-term and immediate causes of the Vietnamese-Cambodian and Sino-Vietnamese conflicts. They closely examine how both the links between policies and policy assumptions in the countries involved, and the dynamics - national, regional and international - drove them towards war.

Indochina Wars - Wikipedia

Today ' s struggle in Indochina is the third since World War II. It is a complex conflict, with some actors onstage and others off in the wings. On its surface, it arose initially from a struggle between Vietnam and the Khmer Rouge—the Cambodian communists, led by Pol Pot, who took power in Phnom Penh in the spring of 1975.

The Third Indochina Conflict | Foreign Affairs

The Third Indochina War was a series of interconnected conflicts in Indochina after the peace accords were signed between the United States of America and North Vietnam January 27, 1973 and lasted from 1973 until 1992. While the direct cause of most of these conflicts can be seen to be the end of American involvement in the Second Indochina War, known in the US as the Vietnam war, it was far more about the shifting alliances of the various republics in the region as the Soviet and Chinese ...
