Explores the challenges of translating Chinese works for Western readers, particularly premodern texts. This book explores the challenges of translating Chinese works, particularly premodern ones, for a contemporary Western readership. Reacting against the "cultural turn" in translation studies, contributors return to the origin of translation studies: translation practice.

Translating China for Western Readers in the Context of Globalization. Ming Dong Gu. In the worldwide context of globalization, translation has played an increasingly important role in the cultural exchanges between different cultures, nations, and regions. As globalization has brought China into the global village via the World Trade Organization, the demand for translated Chinese texts has been on the rise for both commercial and cultural reasons.
