On September 8, 1980, with the family phone, the Yellow Pages, an old manual typewriter, and \$200 she had saved from the grocery money, forty-eight-year-old June Bratcher started her company from the kitchen table. In *You Are Driving Me Crazy!*, she shares the story of the creation of Daisy Tours, a bus tour company with twenty-six coaches now worth \$6 million. Bratcher relates her own experiences, how she recognized her opportunities, how she achieved her goals, and how she coped when failure loomed. *You Are Driving Me Crazy!*, presents a personal story of building her business to become one of the top fifty companies in San Antonio, Texas. She tells tales of romance, suicide, robbery, sexual harassment, and international intrigue as well as glorious joy and deep despair. For enterprising entrepreneurs and those considering going into business, Bratcher discusses the anatomy of building a successful business while overcoming many challenges in a field considered to be a mans world.

The book has been fully updated to provide detailed information on bus and coach operators throughout Britain. It also includes information on suppliers, societies, licensing bodies and many other topics and subjects about which it is essential for those working in the industry to know.

Introduction -- Planning framework -- Estimating BRT ridership -- Component features, costs, and impacts -- System packaging, integration, and assessment -- Land development guidelines.

With many rare and previously unpublished photographs of the local bus scene in North Staffordshire.

Strengthen family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Based on 30 years of research and fieldwork, this fourth edition of a bestseller provides tools and guidelines to use to develop more effective and equitable programs of family and community engagement. Written by a team of well-known experts, this foundational text demonstrates a proven approach to implement and sustain inclusive, goal-oriented programs. Readers will find: Many examples and vignettes Rubrics and checklists for implementation of plans CD-ROM complete with slides and notes for workshop presentations
