Olaf becomes angry with Lyle when he shares his part of the Vikings' stolen loot with their victims, a group of monks, until the Vikings must depend on them during a storm.

The official companion book to the first three seasons of the hit History Channel show inspired by a legendary Viking warrior, MGM’s hit show Vikings on the History Channel has drawn millions of viewers into the fascinating and bloody world of legendary Norse hero Ragnar Lothbrok, who led Viking warriors to the British Isles and France. Covering the first three seasons of the series, this official companion book delves into the real history as well as the behind-the-scenes stories. Viking historian Justin Pollard explains shipbuilding and navigation, Norse culture and religion, and the first encounters between Viking warriors and the kings of England and France. Interviews with cast and crew reveal the process of dramatizing this gripping story, from reviving the Old Norse language to choreographing battle scenes and building ancient temples for human sacrifice. This ebook is a must for fans of the show and history buffs alike. VIKINGS © 2015 TM Prods Ltd/T5 Vikings Prods Inc. VIKINGSTM TM Prods Ltd. Praise for The World of Vikings “A gorgeous companion book to the hit series . . . The World of Vikings is an excellent piece for the avid Vikings fan. I highly recommend it.” —Geeks of Doom “This is a whole new way of learning about Vikings. This book is full of the legends and the lifestyle, with pictures to boot. It is a great read for any proud Scandinavian.” —Grand Forks Herald

When the Vikings kidnap Justforkix, the timid but very trendy son of one of Chief Vitalstatistix' closest and most powerful friends, believing he has the key to the secret of the magic potion, Asterix and Obelix are sent on one of their most dangerous missions. For they must voyage north to the Vikings' home territory and rescue Justforkix, before the Vikings find out he is not who they think he is, and make him pay the price. Meanwhile, the fact that the Vikings' chief's daughter, Abba, has fallen for Justforkix only makes matters more complicated...

Beth and her cousin Patrick travel in Mr. Whittaker's invention, the Imagination station, to 1000 A.D. Greenland, where they meet Erik the Red and Leif Eriksson and witness the spread of Christianity in that country.

"The Vikings have long been popular folk heroes, their exploits shrouded in the myths and legends which celebrate them as intrepid, war-like explores who sailed out into the unknown. We also think of them as the barbarians in horned helmets who ravaged Britain one thousand years ago and then faded away. But what were they really like, and what did they leave behind?" "In Blood of the Vikings, archaeologist Julian Richards peels back the layers of fiction to reveal that the Vikings' contribution to our culture is much more profound and much more interesting." --BOOK JACKET.

We all have images that we find unwatchable, whether for ethical, political, or sensory and affective reasons. From news coverage of terror attacks to viral videos of police brutality, and from graphic horror films to transgressive artworks, many of the images in our media culture might strike us as unsuitable for viewing. Yet what does it mean to proclaim something “unwatchable”: disturbing, revolting, poor, tedious, or literally inaccessible? With over 50 original essays by leading scholars, artists, critics, and curators, this is the first book to trace the “unwatchable” across our contemporary media environment, in which viewers encounter difficult content on various screens and platforms. Appealing to a broad academic and general readership, the volume offers multidisciplinary approaches to the vast array of troubling images that circulate in global visual culture.

First published in 1968

Are you a fan of the Truth? If you enjoyed the writings of Eckhart Tolle, the mythology of Joseph Campbell, Deepak Chopra's eastern teachings, or Graham Hancock's books on prehistoric civilizations, you are sure to love The Vikings Secret Yoga; The Supreme Adventure. This is the first time in history that this Viking lore has been revealed. With their secretive poetic lore and mysterious pantheon of gods led by Odin the All-Father; Thor, the great Hammer-Striker; and Loki, the Evil One, it is almost impossible not to love the Vikings. But there are even more fans of the multi-faceted yoga systems devised by the ancient Hindustani in India more than five thousand years ago. Steven A. Key makes the case that transcendental yoga has not only endured over the millennia, but that it has traveled in different forms of spiritual or religious expression. Drawing on the writings of Joseph Campbell, the famous mythologist who hinted at a link between the cultures of the Eastern Hindus and the Northern Vikings, as well as other great thinkers, the author shows that yoga has influenced Buddhism, Christianity, and yes - even the tenth-century Vikings. Steven A. Key had a career taming Mainframes, the largest computer systems in the world. As a researcher and technocrat, he combines proven investigative skills with his deep personal interests in all things pertaining to body-mind and spirit, to create the provocative New Muse Book Series.

The Vikings maintain their grip on our imagination, but their image is too often distorted by myth. It is true that they pillaged, looted, and enslaved. But they also settled peacefully and traveled far from their homelands in swift and sturdy ships to explore. The Age of the Vikings tells the full story of this exciting period in history. Drawing on a wealth of written, visual, and archaeological evidence, Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage. He not only explains the Viking attacks, but also looks at Viking endeavors in commerce, politics, discovery, and colonization, and reveals how Viking arts, literature, and religious thought evolved in ways unequaled in the rest of Europe. The Age of the Vikings sheds new light on the complex society, culture, and legacy of these legendary seafarers.
