We are pleased to introduce a new book on the right to social security examined from a women's rights perspective that contributes to the articulation of such a framework (Beth Goldblatt and Lucie Lamarche (eds) Women's Rights to Social Security and Social Protection, Ohati International Series in Law and Society, Hart, 2014). The collection emerges from an international initiative to focus on women in the interpretation and development of this central social and economic right.

### ~~Women's Rights to Social Security and Social Protection | OHRH~~

This collection examines the human rights to social security and social protection from a women's rights perspective. The contributors stress the need to address women's poverty and exclusion within a human rights framework that takes account of gender. The chapters unpack the rights to social security and protection and their relationship to human rights principles such as gender equality, participation and dignity.
