Motorcycles of the 1970s. The two models differ by their engines: the SR400 engine has a lower displacement, achieved with a different crankshaft and shorter piston stroke and both models feature only kickstarting, i.e., no electric starter. The SR40

~~Yamaha SR400 & SR500 – Wikipedia~~

The Yamaha SR500 is a popular thumper. It first started production in 1978, as a road-going version of the popular Yamaha XT500. It experienced good sales throughout the US, Europe and Australia. The SR500 is no longer sold in any market worldwide, but its sister bike, the SR400, continues to be manufactured in Japan.

sr500. Yamaha SR500 was one of the motorcycles of Yamaha to see the longest active production periods which largely owed to the universal appeal and generation proof design. The regular and extremely ordinary design with the most normal riding posture generating steering handle, the medium height seat and standard design and size fuel tank marked some of the features which gave the SR500 the universal liking biking enthusiasts of all age groups.

The Yamaha SR400 and SR500 really begin with the engine fitted to the Yamaha XT500 enduro/adventure motorcycle made from 1975-1981. The XT500 was a bike built for lively performance and had rugged, simple construction. It was a bike that was successfully campaigned in the Paris-Abidjan-Nice and then the Paris-Dakar Rallies establishing ...

Other than a break in production in 2007/2008,
Yamaha has fielded an SR400 or 500 since 1978. With
modern motorcycle sales now looking towards an
increasingly older demographic, the SR is back on
sale in the UK in the guise of the SR400, now fitted
with fuel injection to make it Euro whatever
compliant.

See, in 1978, when Yamaha introduced the SR500
into North America, it also brought an almost-identical
bike, the SR400, into its domestic market. The 400
has the same bore, but a shorter stroke; it's supposed
to basically make the same power as the SR500, but
at higher rpm. The restoration on this unit looks like it
was pretty painstaking.
