Of Underachievement, a problem stemming from common behavior patterns that can manifest itself in almost every walk of life -- from twentysomethings stuck in dead-end jobs to outwardly successful businesspeople who can't help feeling they've missed their true calling. In *Your Own Worst Enemy*, Dr. Kenneth Christian

details the telltale signs of what he calls self-limiting behavior -- everyday habits that can seem harmless (like taking unchallenging jobs) or even worthwhile (like setting absurdly high standards), but that over time can send high-potential people into a tailspin of dead ends and frustration. He identifies underachieving

A contrarian yet highly engaging account of the spread of illiberal and anti-democratic sentiment throughout our culture that places responsibility on the citizens themselves. Over the past three decades, citizens of democracies who claim to value freedom, tolerance, and the rule of law have increasingly embraced

illiberal politicians and platforms.

Democracy is in trouble--but who is really to blame? In *Our Own Worst Enemy*, Tom Nichols challenges the current depictions of the rise of illiberal and anti-democratic movements in the United States and elsewhere as the result of the deprivations of globalization or the malign decisions of

elites. Rather, he places the blame for the rise of illiberalism on the people themselves. Nichols traces the illiberalism of the 21st century to the growth of unchecked narcissism, rising standards of living, global peace, and a resistance to change. Ordinary citizens, laden with grievances, have joined forces with

political entrepreneurs who thrive on the creation of rage rather than on the encouragement of civic virtue and democratic cooperation. While it will be difficult, Nichols argues that we need to defend democracy by resurrecting the virtues of altruism, compromise, stoicism, and cooperation--and by recognizing how
