Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index. This repair manual covers Kawasaki Ninja ZX7R (ZX750P) 1996-2003; Ninja ZX9R (ZX900B) 1994-1997; Ninja ZX-9R (ZX900C) 1998-1999; Ninja ZX-9R (ZX900E) 2000-2001; ZX-9R (ZX900F) 2002-2004. Note: this manual does not cover the ZX-7RR (ZX750N).

Advanced statistics and new terminology have taken hold of baseball today, but do they accurately reflect the reality of the game? A baseball lifer states his case. America's favorite pastime is enduring an assault of new thoughts and ideas. In recent years, the sabermetrics and analytics craze has infiltrated Major League Baseball—from its front offices to dugouts to

clubhouses to media covering both, inciting a baseball culture war. New phrases like “launch angle,” “spin rate,” and “pitch framing” have entered the vocabulary, often with little real meaning when it comes to how the game is actually played on the field. No more. In *State of Play*, twelve-year Major League veteran, Emmy Award-winning MLB Network analyst, and bestselling author Bill Ripken breaks down these modern statistical methods to explain which ones make sense in the game’s historical context, bringing them together with proven old-school strategies. He simplifies those sabermetric terms hastily added to the baseball lexicon without being fully realized, taking new-school confusion out of old-school baseball’s tried-and-true common sense. In the end, he unites the teachings of each school to show fans of both how to listen to and understand the game as it’s played today and how it should be played moving forward. From a true baseball lifer and member of baseball’s first family, *State of Play* offers a fascinating insider’s look at how to reconcile years of historical tradition with the rules and trends of the new millennium. As Ripken sees it: the game inside the game cannot be measured by a spreadsheet—but it can be measured by a qualified, crusty baseball man. Play ball.

GSX-R600 (1997-2000)

Hatchback. Does NOT cover T-Sport, Free-Tronic/MMT clutchless transmission or features specific to Verso models. Petrol: 1.0 litre (998cc) & 1.3 litre (1299cc).

What if Kennedy survived Dallas? President John F. Kennedy has lived through the ambush in Dealey Plaza. America holds its collective breath, seeing its president nearly executed in broad daylight. But as the country marches on, the office of the President finds itself under a much more insidious type of fire. Political scandal, an endless war, and a country coming apart at the seams take the 1960’s in a terrifying new direction, and both John and his attorney-general brother, Bobby, struggle to stay ahead of their enemies, political and otherwise, and steer America toward a greater future. Bryce Zabel is a master of the cover-up and the conspiracy, creating the Emmy-award winning series *DARK SKIES*. *SURROUNDED BY ENEMIES* is the first novel in the new Breakpoint series—each book exploring seminal moments in popular history and taking readers on a journey into a mirror world where events are both unexpected yet startlingly believable. This savvy, fiercely intelligent novel, perfect for readers of Harry Turtledove, brings together elements of political thriller and page-turning history, enthralling readers with a sharply written take on the America that was, and the America that could have been. WINNER OF THE 2013 SIDEWISE AWARD FOR ALTERNATE HISTORY “I have some experience with shattered timelines and altered realities but this one kept me guessing every page.”—Damon Lindelof, writer/producer of *LOST*, *STAR TREK INTO DARKNESS* “Plausible development, building from what we know about what really did go on, and a whacking good story...*SURROUNDED BY ENEMIES* delivers on both, big-time. So hold on to your hats, folks. You’re in for quite a ride.”—Harry Turtledove, alternative history author, *HOW FEW REMAIN*

KLR650 (2008-2012),

Kawasaki KX250 1992-2000

Complete coverage for your Suzuki GSX600/750F and GSX750 covering GSX600F, GSX750F and GSX750 models for 1998 to 2002: --Routine Maintenance and servicing --Tune-up procedures --Engine, clutch and transmission repair --Cooling system --Fuel and exhaust --Ignition and electrical systems --Brakes, wheels and tires --Steering, suspension and final drive --Frame and bodywork --Wiring diagrams --Reference Section With a Haynes manual, you can do it yourself?—¿from simple maintenance to basic repairs.
